## Audit Track® - Field Survey Software that Streamlines the Audit Process for Safety and Compliance

Audit Track is a simple-to-use web application that helps organizations create and maintain audits, surveys, and questionnaires. It allows employers to automate and streamline the audit process.

### Customize to Your Organization

- » Create custom audits for your organization or department
- » Deploy in the field on any major mobile device
- » Assign to any employee and track tasks, activities, and results
- » Summary and detailed reports based on your criteria
- » Track, achieve, and demonstrate regulatory compliance
- » Target and resolve revealed issues before they become incidents
- » Proactively manage your workplace
- » Set field audits and surveys to your unique reoccurrence
- » Make automated auditing an integral part of your safety strategy
- » Keep all Safety Audits, Inspections, Self-Assessments, and other workplace checklists up-to-date

### Compliance Made Easy

This flexible tool allows managers to oversee all the safety audit, inspection, and compliance reporting needs of your organization. Ensure all tasks and items are assigned, completed, and recorded, so that your workplace is safe and compliant. Help protect your workplace from liability with this flexible, customizable tool. Take a look at our Audit Track® Template List.

Audit Track is a simple-to-use web application that helps organizations create and maintain audits, surveys, and questionnaires. It allows employers to automate and streamline the audit process.

### Compatible with all Major Browsers and Tablets

Android tablets with the latest Chrome browser, Apple iPads and computers with the latest Safari or Firefox browser, Windows PCs with the Internet Explorer 10 or higher, or the latest Firefox or Chrome browsers.
