Ensure Job Safety with BBS Track® and Safety Observation Track®

Create Job Hazard Analyses (JHAs), conduct Safety Observations, and build an effective behavior-based safety program.

- » Identify Existing and Potential Hazards with JHAs
- » Build your own JHAs from Our Pre-Loaded Library of Sample JHAs
- » Customize Steps, Issues and Job Requirements to the Position
- » Export to PowerPoint for Easy, Custom Training
- » Perform and Record Safety Observations
- » Comply with Safety Regulations and OSHA Voluntary Protection Programs
- » Create and Maintain a Proactive Safety Culture to Ensure Job Safety
- » Reduce Incidents, Claims and Losses Through Implementing a BBS Program

## Reduce Injuries

Committing to a behavior-based safety program is known to reduce injuries, loss time, and workers compensation costs, as well as improve employee moral.. Use BBS Track to build your BBA Program.

## BBS Service

We can assist you by reviewing job tasks and identifying critical behaviors to create JHAs. We then train your staff to perform Safety Observations and implement a Behavior-Based Safety Program.
